

# Introduction to Tift Regional Health System

# Introduction

Welcome to Tift Regional Health System!

Each year Tift Regional hosts over 1000 students from all disciplines who find our hospital and other service areas a great place to learn.

We hope as you participate in your learning experience, that you too will find us a great place not only for learning but also for patient care.

# Introduction

- This short computer based program is designed to help you as a student know a little about our Organization. In addition to this program, you will have several other courses to complete on the computer. The additional courses will cover material required by The Joint Commission and the Occupational Safety and Health Administration. These requirements are to help assure patient safety as well as your personal safety while rotating with us.

# About Us

Quality health care doesn't have to be cold, impersonal and regimented. As South Central Georgia's health care leader, the people of Tift Regional Health System follow two basic, but essential principles:

- Never Forget The Basics and
- Our Patients ALWAYS Come First.

# About Us

- In addition to offering seasoned medical skills and cutting-edge technology, our staff strives to provide all patients with the compassion they expect and deserve. This means treating guests like family and having the ability to listen and respond to people's needs.

# About Us

- With a reputation as an innovative provider of quality care, Tift Regional Health System (TRHS) is a not-for-profit organization that serves South Central Georgia.
- Services provided include primary care in Abbeville, Adel, Ashburn, Nashville, Ocilla, Sylvester, and Tifton, Georgia.
- Two hospital campuses, one in Tifton and the other in Adel, provide acute care for citizens of South Central Georgia.

# About Us

- In Tifton, a 191 bed regional hospital, provides a variety of specialized services.
- The Tifton campus includes six Centers of Excellence offering advanced, expert care in oncology, cardiology, neurology, surgery, women's health and emergency medicine.

# About Us

- Other services located in Tifton include primary and urgent care with many specialties at our West Campus/Affinity location; primary care at Tift Community Health Center in south Tifton; Hospice Services; Outpatient Dialysis; Speech, Occupational and Physical Therapy.
- The campus located in Adel, Georgia, includes a 60 bed acute care medical/surgical hospital, a 95 bed Skilled Nursing Facility and a 12 bed Geriatric-Psychiatric unit.

# About Us

- **Tift** Regional Health System's West Campus/ Affinity is an 85,000-square-foot outpatient facility that provides physician services for primary care, specialty care and urgent care.

# About Us

At the West Campus/Affinity location you will find:

- A full range of Laboratory services.
- Radiology, including X-ray, CT, nuclear medicine, and ultrasound.
- Physician Specialties including internal medicine, family practice, pediatrics, cardiology, gastroenterology, neurology, pulmonology and more.
- Endoscopy services.

# About Us

- Tift Regional Health System is under the direction of the Tift County Hospital Authority, a nine-member board of volunteer trustees appointed by the Tift County Board of Commissioners. Though guided by a government-appointed entity, TRHS provides charitable care for the community without tax levied on local taxpayers. Tift Regional accepts Medicare, Medicaid, Privately Insured and self paying patients and receives no tax dollars to support any of its operations.

# Mission Statement

- The philosophy of Tift Regional Health System is based on the belief that the primary and fundamental purpose of the organization's existence is to serve the health needs of the patient as well as those of the community.
- The Hospital Authority of Tift County has the complete legal and moral duty and responsibility to see that Tift Regional Health System renders an adequate range of services that includes preventive, inpatient and outpatient services; to see that these services are delivered with a consistent, high level of quality; and, to ensure the hospital's financial viability and cost effectiveness.

# Mission Statement

- The organization also strives to assist in the provision of an adequate number of primary care and specialty physicians in the region in order to facilitate access to healthcare services. Insofar as Tift Regional Health System is a regional referral facility serving the healthcare needs of many citizens in South Central Georgia, the Hospital Authority recognizes its responsibility in a multi-county region. The organization is expected to adopt new and innovative methods of healthcare delivery consistent with the identified needs of the region.

# About Us

- **MANAGED CARE ORGANIZATIONS:** Tift Regional Health System is affiliated with Emory Healthcare and its statewide managed care program.
- **MEMBER:** American Hospital Association, Georgia Hospital Association, Georgia Alliance of Community Hospitals, VHA Georgia, Inc., Regional Care Integrated Services Network, Southwest Georgia Cancer Coalition
- **ACCREDITED BY:** The Joint Commission

# About Us

- ◆ As we continue to reach the needs of our community, you will find us frequently in construction, renovations and expansions. For your safety, please be sure to adhere to any instructions provided by signs or staff when in proximity to our construction areas.
