Tift Regional Health System serves 12 counties in South Central Georgia as a not-for-profit, community centered, and locally governed organization of hospitals and outpatient centers. We have become the region’s provider of choice because of our people. The hard work and talents of TRHS employees, physicians, volunteers, and board members are reflected in everything we do.

Whether it’s at Tift Regional Medical Center in Tifton, Cook Medical Center in Adel, or one of our outreach clinics in numerous counties, you’ll find our staff is dedicated to your well-being, with a focus on quality and comfort.

Our affiliation with Stratus Healthcare takes our commitment to comprehensive care to a new level. With Stratus, TRHS is working in a formalized partnership with several hospitals from around the state to exchange best practices, combine resources, develop coordinated information systems, reduce costs, and manage the health of populations. Member hospitals take advantage of a shared services model yet remain independent.

As always, we appreciate your trust in TRHS and thank you for your continued support. Wishing you good health always.

Respectfully,

William T. Richardson, FACHE
President/CEO

MESSAGE FROM THE PRESIDENT/CEO

Tift Regional Health System is under the direction of the Hospital Authority of Tift County and provides for the community’s charitable care without a financial subsidy from county government.

TIFT REGIONAL HEALTH SYSTEM

Located in Tifton, Tift Regional Medical Center is a 191-bed, not-for-profit referral center that serves as the flagship for Tift Regional Health System. TRMC offers signature services in surgery, oncology, cardiovascular care, women’s health, neurology, medical imaging, and more.

The TRMC West Campus is an outpatient center housing physician clinics and diagnostic services. Cook Medical Center in Adel offers a 60-bed acute care facility, including a 12-bed geriatric psychiatric unit and 95-bed nursing home. Tift Regional Physician Group includes hospital-owned outpatient clinics in Tifton, Ashburn, Adel, Sylvester, Abbeville, Ocilla, and Nashville.

Tift Regional Health System is under the direction of the Hospital Authority of Tift County and provides for the community’s charitable care without a financial subsidy from county government.

TIFT REGIONAL MEDICAL CENTER FOUNDATION
The Tift Regional Medical Center Foundation is a not-for-profit organization dedicated to enriching health care in our community through fundraising, medical equipment donations, building project assistance, patient experience enhancements, medical scholarships, and more. Please call (229) 391-3310 for more information or visit www.trmcf.com.

COMMUNITY SPIRIT
The mission of Tift Regional Health System’s Community Spirit program is to contribute to the well-being and development of our community through outreach efforts, including preventive health education, screenings, wellness programs, and corporate and employee contributions. Input is solicited from various community voices in order to explore ways in which TRHS can collaborate with local agencies and partner organizations to address community needs. Please call (229) 353-6318 for more information or visit www.tiftregional.com.
Highlights

TRMC NAMED A TOP-10 GEORGIA HOSPITAL
For the second year in a row, *Georgia Trend* magazine named Tift Regional Medical Center a top-10 Georgia hospital. In the December 2013 issue, TRMC, a part of Tift Regional Health System, was ranked sixth in the Top Medium-sized Hospital category. *Georgia Trend* used available state and federal quality outcome data for its determination.

INTRODUCING STRATUS HEALTHCARE
In July 2013, Tift Regional Health System—along with several other healthcare institutions from South and Central Georgia—announced its partnership in one of the nation’s largest collaborations of hospitals, healthcare systems, and physicians aligned to develop a clinically integrated network. The alliance, called Stratus Healthcare, consists of 29 hospitals, 14 health systems, and approximately 2,000 physicians. Each hospital and system remains independent but is able to take advantage of the shared services model. The goal of Stratus Healthcare is to enhance the health and wellness of residents in their communities by improving the regional coordination of medical services for patients, employers, and payors.

LAP-BAND® WEIGHT-LOSS SURGERY
TRHS began offering LAP-BAND weight-loss surgery with bariatric surgeon Chris Smith, MD, in 2013. LAP-BAND surgery is a minimally invasive, adjustable gastric banding procedure to make the stomach smaller and limit the amount of food the stomach can hold. It helps people eat less and feel full sooner, leading to weight loss. It is meant for patients who have struggled with obesity and have been unsuccessful with traditional weight-loss methods. Dr. Smith is holding a clinic for evaluations and post-operative visits at the Tift Regional Weight Loss Center, located at the Tift Regional Medical Center–West Campus, 2225 U.S. Highway 41 North in Tifton. LAP-BAND procedures are being performed at the TRMC Surgery Center. For more information, call (229) 353-BAND (2263) or visit www.TRMCweightloss.com.

HEART AND VASCULAR CENTER EXPANSION
With three cardiologists and two vascular surgeons on staff, the TRMC cardiovascular program continues to grow. In 2013, the TRMC Heart and Vascular Center completed renovation of 23,606 square feet of the facility and constructed 1,400 square feet of additional space. This project improves access and enhances the capabilities of cardiac catheterization, angiography, cardiac rehabilitation, nuclear medicine, and stress-testing services.

HOSPITAL MEDICINE
Like most hospitals around the country, TRMC has implemented a hospital medicine program. A hospital medicine provider is a primary care physician, nurse practitioner, or physician assistant devoted solely to caring for hospitalized patients. This allows primary care physicians on the TRMC medical staff to focus on outpatient care, making their practices more efficient. The hospital medicine service at TRMC is managed by Affinity Hospital Medicine, part of the Tift Regional Physician Group. In 2013, Affinity Hospital Medicine welcomed new physician Kamran Lateef, MD.

YMCA COLLABORATION/NEW COMMUNITY EVENTS CENTER
The grand opening of the new Tiftarea YMCA and Tift Regional Community Events Center was held in August 2013. TRHS owns the 16,652-square-foot building located at 1657 S. Carpenter Road in Tifton and provided a grant to the Tiftarea YMCA to renovate 9,172 square feet of the facility, which consolidates health, exercise, and wellness functions. The remaining 7,480 square feet of the building was renovated by TRHS and is operated by the hospital for community seminars, screenings, and other community events. The YMCA’s aquatic pool and outdoor sports complex remain at the 1823 Westover Road location.

[229] 382-7120 or 1-800-648-1935
ROBOTIC SURGERY  The TRMC Robotics Center provides advanced da Vinci® robotic gynecological procedures not offered by other area hospitals with robotic surgery programs. With the surgeon most experienced in GYN robotic surgery south of Atlanta, women can find less-invasive relief for conditions such as uterine fibroids, endometriosis, uterine prolapse, vaginal prolapse, or excessive menstrual bleeding. The TRMC Robotics Center also has two of only three surgeons in the region offering single-site gallbladder removal and one of only two surgeons in the area providing precision colorectal procedures. The da Vinci Surgical System is a sophisticated robotic platform that expands capabilities for surgeons and offers patients smaller incisions, less discomfort, and a quicker return to normal activities. For more information, visit www.TRMCrobotics.com.

NEW LOCATION, PROVIDERS FOR AFFINITY PEDIATRICS  Affinity Pediatrics, part of the Tift Regional Physician Group, can now be found in Tifton at 39 Kent Road, Suite 5 (in the medical office plaza near Tift County High School). Four new pediatricians joined the practice in 2013: Anandamadhuri Chunduri, MD; Minaleshoa Abye, MD; Noreen Mian, MD; and Flavia Rossi, MD. Learn more at www.affinity-pediatrics.com.

TRHS WELCOMES NEW SPECIALISTS  Tift Regional Health System added the following specialists to its medical staff in 2013: Andrea Irwin Choate, MD, anesthesiology; Peter Jonathan Gambino, DO, anesthesiology; Christopher Smith, MD, bariatric surgery; Ajay Ravi, MD, interventional radiology; Melissa Rampal, MD, nephrology and transplant nephrology; Wes Ross, MD, ophthalmology; Richard Beasley, DO, pulmonary medicine/critical care; Michael Garbee, MD, neurology; Wilson DuMornay, MD, otolaryngology; and George Yared, MD, gastroenterology and nutritional medicine.

WOMEN’S HEALTH SERVICES  TRHS welcomed two new obstetrician/gynecologists in 2013: Geri Justice, MD, with South Georgia Physicians for Women, and Albert Handal, MD, with The Howard Center for Women’s Health. Both practices are located in Tifton. Dr. Justice, along with fellow obstetrician/gynecologists Darrell Jordan, MD, and Lee Edmondson, MD, with South Georgia Physicians for Women, began holding a clinic in Adel at Cook Primary Care in 2013. Obstetrician/gynecologists Bridgett Asbury, MD, and Sandra Brickman, MD, with Tifton Woman’s Center, continue to hold outreach clinics at the HealthPlus centers in Nashville and Sylvester. The TRMC Elene Dorminy Women’s Pavilion is also finishing an extensive renovation to modernize maternity suites and inpatient rooms.

NEW CT OFFERS HIGHER DEFINITION, LOWER RADIATION  Tift Regional Medical Center upgraded its computed tomography (CT) scanner capabilities in October 2013 with the introduction of the cutting-edge GE Discovery CT750D unit. CT combines a series of medical imaging views taken from many different angles (or slices) and computer processing to create cross-sectional images of the bones and soft tissues inside a patient’s body. With 128 slices, the Discovery CT is the world’s first high-definition CT scanner, providing unprecedented image quality that allows physicians sharper detail for a more confident diagnosis. In addition, radiation exposure is reduced by 50 percent, compared with other CT scanners.

NEW FAMILY PHYSICIAN JOINS ABBEVILLE PRIMARY CARE  Abbeville Primary Care, part of the Tift Regional Physician Group, welcomed family physician Betty Walker-Richardson, MD, in 2013. Dr. Walker-Richardson works alongside nurse practitioner Cindy Meadows, NP-C, to offer primary care for family members of all ages. A weight-loss clinic is also available. Abbeville Primary Care is located in Abbeville at 417 S. Broad Street. Call (229) 467-2171 to make an appointment.

HELPING PATIENTS “CEASE SMOKING TODAY”  A group of physicians in South Central Georgia affiliated with TRHS have teamed for a special initiative called “CS2day” (Cease Smoking Today) to provide health professionals with effective, evidence-based stop-smoking clinical strategies developed by a national group of nine academic health partners. TRHS conducted a community health assessment using state and federal data as well as its own survey of local residents and physicians and found that many medical issues affecting the health and wellness of local residents point to smoking. For more information about the program and participating physicians, call (229) 353-6119.
